

ALL DAY:

- Do not abandon vehicles, even for a minute, in front circle; it's a FIRE ZONE
- Turn the Key; Be Idle Free - by law, standing vehicles can only idle 3 minutes.

AFTERNOON:

- Do not use teacher parking or playgrounds for parking.
- From 2:30-3:30 the front circle is CLOSED to non-bus traffic. There is additional parking on Maple Street alongside the circle at this time.

WILLOW MORNING DROPOFF

MORNING DROPOFF (8:15-8:30am)

- You must pull your vehicle as far forward as you can, either to the top of the circle or to the car in front of you. If a schoolbus is using the top spot, leave space to pull around. Don't stop halfway - this incurs an unnecessary delay for the vehicles behind you.
 - Children must be prepared to exit.
 - Children must exit the car to the right, onto the sidewalk. Please make it easy on the kids by moving younger siblings' carseats behind the driver.
 - If children can't reliably exit the car on their own, don't use the dropoff.
 - Drivers should not exit their vehicles or loiter. Vehicles should exit the front circle area carefully and promptly.
 - Drift left as you exit as this allows a second line of cars to pull up to the curb while traffic merging onto Maple clears.
 - There is no parking on Willow Street, however there is an addional morning dropoff (about 3-4 carlengths) at the sidewalk alongside school property.
- PLEASE NOTE: no left turns off of Willow Street from 7:30-9am.
